DETAILED ACTION

Allowable Subject Matter

The indicated allowability of claims 1-40 is withdrawn in view of the newly discovered reference(s) to Chen. Rejections based on the newly cited reference(s) follow.

Note: Examiner's amendment discussed during interview of March 17, 2004 has not been entered since claims 25-27 would still be rejected in view of Chen and the application would not be in condition for allowance.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 3-40 are rejected under 35 U.S.C. 102(b) as being anticipated by Chen et al. (US 5814008). Chen et al. disclose an apparatus for heating of a target comprising a first source of energy (26) and a second source of energy (28) adapted to selectively heat the target to a second higher temperature (col. 5 lines 53-67).
